

# What's new in brightwheel

## Brightwheel is always evolving to better serve you

We're committed to making life easier for administrators, staff, and families. That's why we regularly release new updates designed to enhance your experience and help you get the most out of the brightwheel platform.

In this post, you'll find the latest tools and improvements!

### Pre-built Form templates

When creating a form, you'll be able to create a blank form or start from a pre-built template. The following templates are available: Enrollment form, Interest application, and Emergency contact form.

Launch Quick Scan

Every year, brightwheel publishes a back-to-school roadmap filled with brand new features and enhancements our team is building for you. Built for early educators, our roadmap is created with your daily challenges in mind and shaped by your feedback, so you can spend less time on admin work and more time doing what you love. Last year, brightwheel's back-to-school roadmap introduced new features we released. This year, we're excited to unveil the list of new features we're rolling out by the end of fall!

## Pre-built State Fillable Document templates: Launching this summer!

Programs will see a set of pre-built state form templates when creating Fillable Documents. We will be launching this across states over the summer to expedite the enrollment process.

## Experience Assessments: Launching this summer!

Support your student's growth and development, all within brightwheel. This new product includes a research-based skill framework and tools to easily log observations and reports that help you track student progress over time.
