

What's new in brightwheel

Brightwheel is always evolving to better serve you

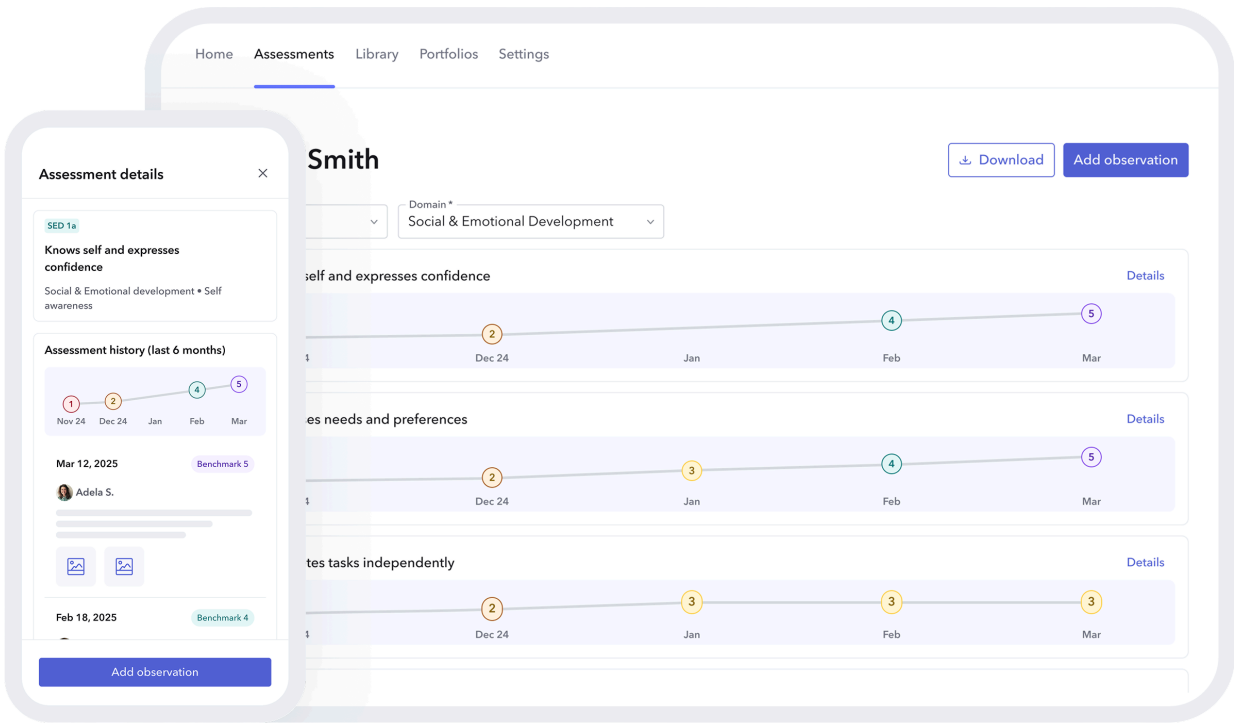

We're committed to making life easier for administrators, staff, and families. That's why we regularly release new updates designed to enhance your experience and help you get the most out of the brightwheel platform.

In this post, you'll find the latest tools and improvements as of August 2025!

Experience Assessments now available!

Get access to a research-based skill framework that's aligned with all 50 states, Head Start, and NAEYC, and to the tools you need to easily log observations and track student growth over time.

Multi-site form templates

Create forms and share them across locations from the organization dashboard. You can allow locations to customize the form or lock it to ensure form templates are not editable across locations.

Transfer students across multi-sites

You can now transfer students to a new location on the organization dashboard. Plus, manage the student's status at the original program while transferring.

Bulk student status change across locations

From the organization dashboard, you can manage and review student statuses in bulk across locations.
